05/2021

# **TECHNICAL SKILLS:**

- Tools: R, Python, SQL, Excel, Access, Oracle Hyperion, VBA, InfoLease, Tableau, Rattle, SAS, Azure, Azure Databricks
- Projects: <a href="https://bahnen.github.io/BenAhnen/">https://bahnen.github.io/BenAhnen/</a>

06/2021

PREDICTIVE SPORTS MODEL - Developed MLB and EPL models using public statistics to determine the outcome of daily MLB games and weekly EPL matches. This was accomplished utilizing a combination of writing macros in VBA, advanced excel statements, web scraping dynamic data, Poisson distribution, and running regression analyses.

GRADUATE CAPSTONE PROJECT - Created a location framework using ArcGIS to assist a partner as to where they might expand their business, as well as created a demand forecast using advanced excel functions to assist in projecting growth and sales pertaining to past and future clients.

#### **EXPERIENCE**

**DLL FINANCIAL, LLC** Johnston, IA

**Reporting Analyst** 

05/2019 - Present

- Provided reporting and analysis on key metrics to upper management, business unit leaders, and stakeholders, proactively engaging customers to clarify requirements to continuously improve reports and dashboards
- Analyzed metadata across multiple databases to create a repository of over 10,000 terms aligned with common logic
- Automated manual InfoLease reports using Oracle Hyperion, increasing analytic capacity by 600 hours per year

**LULULEMON** Des Moines / Iowa City, IA

Educator

06/2018 - 03/2020

- Monitored inventory to account for approximately 4,000 pieces of merchandise, showcasing new products as received
- Managed products to ensure that there was an adequate merchandise balance between the showroom and backroom
- Communicated with 70+ team members ensuring that all of the showroom was managed efficiently
